

Pride of Tool Room

Pride of Engineering Service

Total Engineering Service Provider

Vishal Manufactures & Supplies Mould Base for Plastic Injection Mould, Die-Housing for Pressure Die Casting Die, Plate Die-set for Press Tools, Precision Components & Sub-Assemblies, for Domestic & Export Market.

Vishal is a Well Equipped Engineering Industry. We have Special Purpose Machines including CNC Machining Centers & Other Conventional General Purpose Machines.

Vishal's Engineering Services

Parts To Be Manufactured

Manufacturing Process Is Diagnosed

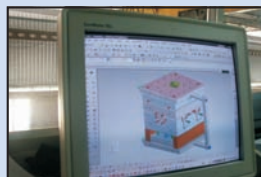

Manufacturing is Simplified

Finally Assembled

Facilities

Finishing machines to manufacture state of the art component & CNC machines to take care of repeatability, accuracy and tolerance, inspection facilities to ensure correct tolerance and correct product.

Vishal has three divisions specialized in three different aspects. We will be proud to serve you with the facilities available in the following divisions.

YOU WILL REAP BENEFITS WITH US

Vishal Precision Products Private Limited

Fine Product Division

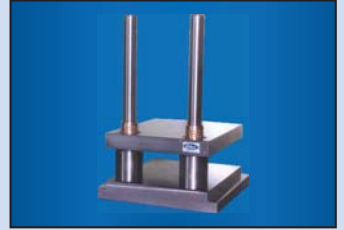

Tool Room Accessories

Vishal has the capacity to produce standard housing & plates from 125 x 125 mm to 2100 x 1500 mm. The materials used are mild steel, EN8 / C45, pre-hardened steel, Steel casting, HCHCr, OHNS, Ramax, SG Iron, etc.

We manufacture as per customer requirements and many other arrangement as per the given drawing can be made.

List of Products:

- 1) Mould Base For Plastic Injection Moulds
- 2) Die-Housing For Pressure Die Casting Die
- 3) Plate Dieset For Press Tools.

Fine Machining Division

Accurate And Intricate Designed Components

List of Products:

- 1) Export Components, 2) Press Tools, 3) Jigs, 4) Fixtures For CNC Machines, 5) Gauges
- 6) Precision Component Machining

Fine Assembly Division

In-line Assemblies

Vishal Manufactures And Builds Sub-Assemblies to Our Customer's Requirements.

List of Products:

- 1) Special Purpose Machineries, 2) Sub-Assemblies, 3) Build Assembly For A Specific Operation In A Machine Line
